

PTL Professional Development Fund Awardees 2017

Congratulations to the 44 PTLs who were recently granted Professional Development Awards.

Awards this year totaled \$64,588.19, the highest in history. The total surpassed the amount stipulated in the contract. In many cases, individual awards were higher than ever. Many PTLs were awarded 3,000 to 4,000 for research and other academic development.

These awards reinforced these specific, targeted message that we repeat to the Administration at every opportunity. That PTLs are professionals and that our salaries, job security and benefits ought to reflect that.

We push hard to secure a significant increase in funding for professional development. The amount rose from \$20,000 annually in the previous contract to \$60,000 in the current one.

We urge all PTLs to apply. Also if you did not receive the full amount you requested or were denied funding by your Dean, please let us know.

In solidarity,

Teresa Politano
