

# Rutgers has the money.

## JOIN US TO OPEN THE BOOKS!

If we're going to win fair salary raises, job security, affordable health care for all and other demands at the bargaining table in 2018, we need to know Rutgers' true financial situation.

How much does the central administration really have at its disposal? Does Responsibility Centered Management (RCM) budgeting make departments broke on purpose? How much does bloated executive pay cost Rutgers University?

On Thursday, Nov. 9, attend any one of our Open the Books presentations (or watch the livestream) of Dr. Howard Bunsis, Professor of Accounting and AAUP National Leader.
